### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Independent claims 1, 2, 4, 21, 23 are directed to a method or apparatus for producing an acoustic output at a given frequency with means for impulse excitation of a member so as to excite at least one selected bending waveform at a given frequency. US 2002/0027999 teaches a bending wave acoustic device which operates over a desired frequency range but differs from claims 1, 2, 4, 21 and 23 in that it does not teach or fairly suggest exciting a plurality of regions with impulses so as to excite at least one selected bending waveform at a given frequency.

Bank et al. (US 6,456,723) shows another bending wave acoustic device but does not teach exciting a plurality of regions with impulses.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
